Please read the entire application form prior to completion of this application

Property owners and other potential applicants are encouraged to meet informally or communicate with Planning and Zoning Department staff to gain familiarity with the application process prior to formal submittal of an application and to continue the communications throughout the application process. For more details on application meetings, see Section 8.3 of the Fremont County Zoning Resolution (FCZR).

A special event which is to be conducted in whole or part within Fremont County (*non-incorporated areas*) such as spectator events, athletic events, carnivals, circuses, concerts, fairs, flea markets, public recreational events, tent meetings, or other similar uses with similar impacts which are for public participation, requires a Temporary Use Permit (TUP).

An application fee as adopted by resolution of the Fremont County Board of County Commissioners (Board) shall accompany this application.

The applicant shall provide **one (1) original document and an electronic copy (either CD or flash/thumb drive)** and all of its attachments. After submittal, the Department will review the application and all attachments and prepare a Department Submittal Deficiency and Comment Letter (D & C Letter). The letter will state the submittal deficiencies, Department comments and or questions about the application, which must be addressed by the applicant.

The Fremont County Department of Planning and Zoning (Department) shall be entitled to refuse any application for a temporary use permit which is not made on the form provided by the Department, which is incomplete, or is made later than thirty (30) working days prior to the regularly scheduled Board meeting at which the application is proposed to be heard. The application shall not be considered complete unless all information required in the application is provided at the time it is filed.

Once the Department has determined that the application is complete, the application will be scheduled on an agenda of the Board for their consideration of approval. Prior to issuance of a temporary use permit, the event shall be approved by the Board at a regularly scheduled meeting and all contingencies or requirements shall be met or provided. The Board does have the right to request review and recommendations from the Fremont County Planning Commission (Commission) and/or other pertinent entities, if the Board determines that it is necessary for its review. The Board may require professional review at the applicant's expense if deemed necessary by the Board. The Board may require the applicant to provide various professional studies and/or statements concerning the event in order to fully understand the impact of the proposed event. This could result in a longer review process and require more time to complete.

Under certain circumstances, the Department may have approval authority over an annual event which has been granted TUP approval by the Board consecutively for the three (3) previous years. See Section 8.16.2 of the Fremont County Zoning Resolution for requirements.

Yes, I am sorry I thought I had that stated in there. I was only looking for follow up information on the drinking water plan. The additional comment about the potential for a special event license, is mainly to inform Steve that if he would like to expand food service at these events, that will be a requirement.

For the drinking water and concession plan as stated for TUP 24-017, there are no concerns or further requirements from FCDPHE.

Have a great day and weekend!
