Commissioners,

I understand that my three year term on the Fremont County Noxious Weed Advisory Committee expires at the end of 2024. If the board is so inclined to reappoint me, I would agree to serve another three year term on the committee.

We have a good working group of committee members and I believe that Fremont County has always been a leader in the way the Weed Advisory Committee is to perform in line with Colorado statutes.

Respectfully,

Ed H. Norden
