Thanks, Angie.

Just peeking at what you sent, it looks like we still **1.** need a map that proposes how/where the tastings will be conducted on the premise. Regarding your question on the control plan about doing the tastings outside: outside isn't part of the licensed premise so the tastings will have to be done inside unless you do a modification to include the outdoor area under the liquor license.

We will also need:

2. the \$100 business check made out to Fremont County
3. to see the proposed schedule before approval by the Board

Also, I want to clarify that this permit will have to be renewed with another \$100 payment at the time of your annual license renewal in May if you plan to continue holding tastings.

The schedule isn't attached because I need to set that up with my distributors and they are mostly booked until the new year-

Please let me know what else is needed, thank you so much!
