Fremont County Commissioners and County Manager  
Re: Regional GIS Authority Board

As I will be retiring in July, the position that I hold on to the GIS Authority Board as a department head will need to be vacated. Since the DOT department utilizes GIS in everyday activities for our road maintenance, I would recommend the appointment that the BOCC makes as a department head position be Mike Whitt, FCDOT Director. It is important that the DOT has a position on this board that way we can stay up to date and be involved in decisions that affect our county road system.

Thank you for your consideration,

Tony Adamic  
DOT Director
