

FREMONT COUNTY'S
COLORADO DIVISION OF WATER RESOURCES
INFORMATION FORM FOR SUBDIVISION EXEMPTION

The Fremont County Department of Planning & Zoning (Department) is required to submit proposed land use actions to the State Engineer's Office (SEO) at the Colorado Division of Water Resources (DWR). The SEO is responsible for providing an opinion regarding material injury likely to occur to decreed water rights by virtue of diversion of water necessary or proposed to be used to supply the proposed land use action.

This DWR Information Form must be filled out completely and accurately to ensure that the submittal to the DWR regarding this proposed land use action includes the necessary information required by that agency. The DWR has 21 days to respond to County submittals. Incomplete submittals will be returned to the County for additional information and then must be resubmitted to the DWR.

Please note that the DWR timeframe for review may not coincide with the County deadlines or meetings, and if the DWR requires additional information, further delays may occur.

Attachments can be made to this application to provide expanded narrative for any application item including supportive documentation or evidence for provided application item answers. Please indicate at the application item that there is an attachment and label it as an exhibit with the application item number, a period and the number of the attachment for that item (*as an example, the first attached document providing evidence in support of the answer given at application item number 8 would be marked - Exhibit DWR-8.1, the fifth attached document supporting the narrative provided for application item 8 would be marked - Exhibit DWR-8.5*). Exhibit numbers should be placed in the lower right hand area of the exhibit.
