Observed Violations:

10- Adequate handwashing sinks properly supplied and accessible

OBSERVATION: (CORRECTED DURING INSPECTION)

Priority Foundation

5-205.11: Using a Handwashing Sink-Operation and Maintenance (Pf)

Core

6-301.14: Handwashing Signage (C)

Inspector Comments:

Hand sink inaccessible upon arrival of inspection. Box of gloves and a thermometer in hand sink. All items were removed from the sink during inspection. Remember that hand sinks must remain accessible at all times. A glove box holder might be ideal for this mobile unit.

Hand sink lacked signage notifying employees to wash hands. This was provided during inspection and the sign was placed above hand sink.

General Comments and Notes

Mobile loads food from the high school kitchen, where the food is prepared. Hot and cold holding of food items in the mobile unit until time of service.
