Name: Amy Jamison

Observed Violations (See additional pages if necessary)

10. Adequate handwashing sinks properly supplied and accessible

This is a Priority Foundation item

6-301.12 - Hand Drying Provision (Pf)

- Hand Drying Provision (Pf)

Observation: A handwashing sink within the facility lacks readily available paper towels or other drying devices.

Handsink is not supplied with disposable paper towels. Employee stated that cloth towels are used for drying.

Provisions must be provided for hand drying so that employees will not dry their hands on their clothing or other unclean materials. Wet hands transfer bacteria more readily than dry hands. The residual moisture found on the hands after washing allows for bacterial and viral transfer to food or solid surfaces by touch.

Cloth towels could be allowable, however they cannot be used more than once and would need to be readily accessible for dying hands every time they are washed. (stored near the handsink).

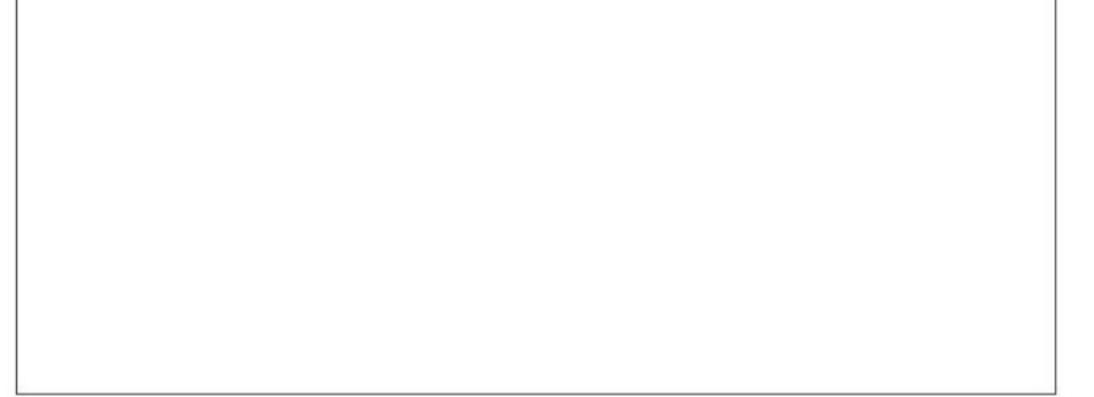

Per: 6-301.12 Hand DryingProvision.

Each HANDWASHING SINK or group of adjacent HANDWASHING SINKS shall be provided with:

(A) Individual, disposable towels;

(B) A continuous towel system that supplies the user with a clean towel;

Correct by 03/21/2021 (Corrected on Site) (Repeat)

General Comments				
FOOD TEMPERATI	JRES			
Food Item	Food State		Temperature	
Scrambled eggs	Hot Holding		180F
