OBSERVATION: (CORRECTED DURING INSPECTION)

Priority

2-301.14: When to Wash (P)

Employee changed gloves after handling money but failed to wash hands before donning gloves to continue sandwich making. The glove change is appreciated however a hand wash is also required. Discussed during inspection.

OBSERVATION: (CORRECTED DURING INSPECTION)

Core

5-205.15: System Maintained in Good Repair (C)

Sandwich line/ front counter- refrigerator is leaking. The water is collecting in the back and pooling under food containers. All food is covered and risk of contamination is low, however this should be repaired.
