Temporary/Special Event Licenses are no longer issued state-wide in Colorado, each jurisdiction is responsible for issuing their own licenses and conducting their own inspections; some jurisdictions will not license or regulate Temporary/Special Events. A license issued in one jurisdiction may not be honored in another jurisdiction, however some jurisdictions have agreed to be reciprocal with other jurisdictions (see list below, *this list is subject to change*). If you are planning to attend a Temporary Event in another jurisdiction, you must contact that local health department for requirements.

Reciprocal jurisdictions with Fremont County: Pueblo City/County Health Department

In consideration thereof, I do hereby certify that I have complied with all items of sanitation as listed in the Colorado Retail Food Establishment Rules and Regulations (6 CCR 1010-2), and that I have complied with all orders given me by authorized inspectors of the Colorado Department of Public Health & Environment, or local board of health. I also agree that in the event sanitation items are not complied with, I will discontinue serving food until such time as requirements are met.

***If you are serving food for immediate consumption, the Colorado Department of Revenue requires you to obtain a **Sales Tax Special Event License (DR-0589)** from one of their offices. It is highly recommended that you obtain the multiple-event license, which is good for 2 years, can be renewed for \$16.00, and will allow you to participate in more than one event. This license may be applied for either by mail or in person at a Colorado Department of Revenue office (there is no online option). If applying by mail, it will take a month for the license to be issued, if you need it sooner, you'll have to apply in person. Please attach a copy of your Sales Tax Special Event License (DR-0589). This is a requirement.**
